SUMMARY

Computer Science student with experience in full-stack development, AI/ML applications, and REST API development. Built projects using React, Flask, Python, and Machine Learning focused on solving real-world problems through scalable software solutions.

EXPERIENCE

Research & Developer Intern – SRM AP University Jan 2026 – Present

Python, NumPy, Pandas, Scikit-learn, Matplotlib

- Built a hyperspectral imaging pipeline for beverage stain classification using machine learning models (SVM, Random Forest, KNN).
- Applied ROI extraction and ANOVA-based band selection (204 → 70 bands) for feature optimization.
- Achieved 92.6% pixel-level accuracy SVM for beverage stain classification.

Salesforce Developer Intern – Smartbridge May 2025 – July 2025

- Developed Salesforce CRM applications using Apex, Lightning Web Components (LWC), and Flows during an 8-week Smartbridge internship.
- Integrated third-party APIs and automated workflows using Salesforce Flows and Process Builder.

PROJECTS

ATS Resume Checker – Resume Analysis Platform GitHub

React, Typescript, Flask, NLP

- Developed a full-stack ATS resume analysis tool with a React frontend and Flask REST API backend.
- Implemented NLP-based skill extraction and semantic similarity scoring using Sentence Transformers.

Persona – Automated Task Scheduling App GitHub

React, Typescript, Flask, REST API, Python

- Built a Progressive Web App that automatically schedules tasks using class timetables and deadlines.
- Integrated Google Classroom API and implemented smart scheduling logic.

Soil Monitoring System – IoT Simulation Dashboard GitHub

React, Flask, Firebase, Plotly

- Developed a smart farming dashboard simulating real-time soil parameters and irrigation recommendations.
- Built interactive data visualization and integrated backend services using Flask APIs.

SKILLS

Languages: Python, Java, JavaScript (ES6+), C, C++, SQL

Frontend: React.js, TypeScript, Tailwind CSS, HTML5, CSS3

Backend: Flask, REST API Development

Tools: Git, GitHub, Docker, Firebase, VS Code, Power BI

Databases: MySQL, Postgresql

Concepts: Data Structures & Algorithms, DBMS, REST APIs

EDUCATION

2023 – Present	B.Tech CSE, SRM AP University	GPA: 9.07/10
2023	Class 12, Bhashyam	GPA: 9.73/10
2021	Class 10, AP SSC, Mary Matha	GPA: 9.75/10

CERTIFICATIONS

- Red Hat Certified Specialist in Containers
- Oracle Cloud Infrastructure 2025 Certified Generative AI Professional
- Salesforce Developer with Agentblazer Champion Program (Smartbridge, AICTE), Apex Specialist
